PLAQUE ORDER INFORMATION (Please Print Clearly in UPPERCASE)

Dates: The Synagogue will establish the Hebrew date for inscription on each Memorial Wall Plaque. Our Memorial Wall design ensures that each of your honoree's names will be lit automatically and perpetually based upon the Hebrew date.

The JCSVV can send you a yearly reminder of the Yahrzeit date(s).

Plaque Locations: Plaques will be assigned to the next available location. Two plaques may be positioned alongside each other. Groups of more than two plaques will be kept together if possible.

Reserved Plaques require the name of the person for whom the plaque is reserved, as well as payment.

Please do not write in the shaded boxes; these will be completed by the synagogue.

To avoid confusion please spell out the months (do not use numbers).

If there is additional information that you want the synagogue to know, please include this on a separate sheet.
